Branson Recycle Kiosks Take #1 Spot in Nation

“Recycling-on-the-go” has become so popular here that the recycle kiosk at the Branson Country Mart on Hwy 248 took first place in volume competition last week when compared to other recycle kiosks from around the nation. “Country Mart is proud to provide community recycling for all beverage containers,” said Store Manager Chip Robertson. “Branson consistently ranks in the top five compared to kiosks in cities all over the U.S.”

According to Branson Public Works Director David Miller, “Branson is a very “green” city and citizens take advantage of every opportunity to be environmentally friendly. These kiosks for beverage containers make it easy to recycle while grocery shopping, plus you earn rewards.”

Recycle kiosks are conveniently located at all area Country Marts, including Forsyth, Hollister and Branson West. For more information go to [Recycle Branson's](#) facebook page.
